ANNUAL PROGRESS REPORT

OF THE SELECTMEN

It is our pleasure to present the progress report to the townspeople of Newmarket. We also wish to take this opportunity to thank all of the department heads, employees and fellow citizens of Newmarket, who through their cooperation, hard work and tolerance, have made the job as Selectmen a pleasant and rewarding experience throughout the year.

The tax anticipation loans were awarded to the Indian Head National Bank, Newmarket Branch.

The low bid for our new police cruiser was awarded to Great Bay Motor Co., Inc.

The fuel and gasoline bids were awarded to H. R. Haines Co., Inc.

The town's hot topping program was continued with the use of federal revenue sharing funds. Spring Street, South Street, Creighton Street, Prescott Street, Tasker Lane and Lamprey Street were re-surfaced during the year.

The Gerry Avenue project was partially completed, the project will be finished in 1974.

Hersey Lane was the project selected for the use of Town Road Aid funds.

The Bandstand roof, the Town Hall roof and snow guards for the Town Hall roof were awarded to the Therrian Roofing Company of Manchester. These jobs were started and will be completed in 1974. This project will be paid from Revenue Sharing Funds.

The town has been funded, under the Federal Public Employment Program, for the following non-budgeted positions. Dump custodian, police dispatcher, water treat-

ment plant operator. We have also been authorized to hire an assessor under this program.

The selectmen are in the process of assembling an employees policy manual.

The town's entire insurance program has been studied, with the hope of combining the various policies under a single master policy.

The new fire alarm system has been installed by the fire department. It was purchased with federal revenue sharing funds.

The re-building of the town clock will be completed this year. The Selectmen wish to thank the Kingston-Warren Corp. for the donation of men, material and equipment to this project.

We would like to take this opportunity to encourage all interested citizens to attend our Selectmen's meetings. They are held in the Town Hall Office every Wednesday evening, starting at 7:00 P.M.

Respectfully submitted,

Frank M. Schanda, *Chairman*
Allen M. Vlodica
Philip G. Hendrickx

Citizens

Town of Newmarket

Newmarket, N.H. 03857

Dear Citizens:

As the 1973 audit of all the Town records is still being conducted by the State of New Hampshire as of this date, it is impossible for us to publish the report in this year's Town Report.

The 1973 audit will be published in next year's Town Report. This will be the policy which we will have to follow from now on.

Hoping that you understand the situation, we are,

Very truly yours,

BOARD OF SELECTMEN,

s/Frank M. Schanda

ANNUAL REPORT OF THE BOARD OF WATER COMMISSIONERS

The well on the Plains has produced 51,100,00 gallons of water in the past year and the Water Board now feels that this area has proven itself as a good water source so we are recommending that the existing five points now in the ground be replaced by a gravel packed well. An article is being submitted in the warrant to authorize the expenditure of $31,500.00 to install this gravel packed well and to build a house to enclose the pump and other equipment. The cost of these improvements will be paid from water revenues.

The new well-site will give the Town a good secondary source of water which can be used if we need repairs to our main plant or if we have a breakdown at our main plant. It also provides better water and cheaper water than our main plant because it requires no filtering or chemical treating.

The water commissioners have also investigated the need for repairs to our existing tank on Great Hill as well as the replacement of the existing 225,000 gallon tank with a 1,000,000 gallon tank. We plan to have some recommendations on the storage tank by the town meeting in March of 1975.

The Board is also looking into some proposals made by the Engineering Firm of Weston & Sampson for improvements to the water treatment plant but these are considered secondary to the well and the storage tank.

There will be a change in the billing effective April 1, 1974.

The Water Commissioners meet the second Monday of every month at the Newmarket Water Works on Packers Falls Road at 7:00 p.m.

ANNUAL REPORT OF SEWER COMMISSIONERS

The primary objectives of the Sewer Commissioners for the coming year will be to remove all infiltration and surplus water to the present sewer system.

We have engaged Green Engineering Affiliates, Inc. to study the Entire town and find its future needs.

After analyzing our expenses for the year 1973, we find that we must raise the sewer rates from seventy-five percent (75%) to one hundred percent (100%) of the water bills (Sewer bill will be the same as the Water bill).

There will be a change in the billing effective April 1, 1974. This past year the sewer plant has run very satisfactorily.

We meet the second Monday of every month at the Water Treatment Plant on Packers Falls Road at 6:00 P.M.

LIBRARY REPORT 1973

Once again a very active year for the Newmarket Library.

A number of major repairs had to be made inside and outside the building. Thanks to Revenue Sharing we were able to have the interior main room ceiling and walls repaired. This work was done by the Ricci Construction Co. Portsmouth in November.

The east side roof needed repairs and this was done by the Hartfords of Epping. Later a new break was discovered in the north side roof and the Edgerly Roofers of Newmarket, did these repairs.

Mr. Dubriel painted the areas repaired in the libraries main room.

The furnace acted up twice in Sept. and was repaired by Haines Co.

The Public Service installed a new street lamp across the road from the library and also a light in the back parking lot. We experienced several incidents of broken windows and needed this better lighting.

The Highway Dept. put steps into the back cement wall and a new paved walkway, to make it easier for library patrons using the parking lot. This is a welcome improvement.

Mr. Robert Sewall accepted the position of treasurer for the Trustees, after the resignation of Mr. Phil Hendrickx, who is our new selectman.

Mrs. Harding once again had the movies program for the Day Care Center. They were shown every other wednesday from January till June.

Many meetings were attended for the benefit of the library, including giving a book review for the Parish Circle

at the Community Church in February. The Window Of The World book reviews featured every week in the Newmarket Times.

March and April were busy months displaying an Exhibit of Polish Culture for National Library Week. The Girl Scouts had an Art Exhibit in the Tower Room during Girl Scout Week.

Mrs. Harding participated in the Out Reach Library Network panel at the Derry Library March 22, & 23.

In June she gave a talk and exhibit of shells to the Epping Elementary children at the Epping Library.

A 20 Volume Set World Book Encyclopedia, 1972 edition was purchased.

The Tower Room is being used by different groups during the year. An Astrology Class, conducted by Mr. Bocker, had a ten week course. The County Extension Service has monthly meetings and the Card Party Group meets every Wednesday evening. The Newmarket Historical Society uses the Tower Room for winter meetings.
Books have been given in memory of the following:

Irene Dominiquez by the Womens Club. Marion Bassett by the Newmarket Extension Group. Sara Carmichael by the Womens Club.

Other book gifts by Mrs. Royce Carpenter, Newmarket Womens Club, ARAMCO, Sandra Baillargeon, the Turkish Embassy, Judith Palmer, Mrs. Thomas Gray, Jr. and Verna Heal.

In complying with new regulations for Federally Funded Libraries, we added a new librarian. Mr. Robert Stone of Newmarket. The library is now open a total of 25 hours a week, it is also open 6 days for the convenience of our patrons.

The Newmarket Girl Scouts planted 100 tulip bulbs, acquired thru the County Extension Service, at the library in November.

Mrs. Carrie Gray and Mr. Isabelle Dearborn have again given much time in volunteer services and the library and librarian thank them.

More repairs are anticipated for 1974 to really put the library in good condition. A complete painting of the interior is needed. We hope the towns people will feel it worthwhile and be proud that we have such a fine building.

REPORT OF THE

NEWMARKET POLICE DEPARTMENT

As you will note by the statistics, this year has been another extremely busy year for the department.

It is alarming to note that we have had more of the serious types of crime on the increase, crimes against the person, burglary and drugs.

The one bright spot in the picture is that we seem to receive more cooperation in handling this increase by the citizens, than in the past. This is indeed an encouraging trend.

The response to those who say "it's society's fault" for the increase in crime might well be a question asking if they are a member of society, and if so, why don't they do something about it. It is a proven fact, that crime only flourishes as much as society lets it.

It is all too obvious that if the citizens in a community will tolerate wrongdoing, and stand idly by while a crime is being committed, and do nothing, it is only they, and they alone who are to blame for the ills of society.

There are signs, although faint, that most people are getting fed up with being robbed, victimized and trod upon by the criminal element in our society. I certainly hope so.

If we all work together, this can be one town that can become known as a place that crime doesn't pay, but we ALL have to work at it, not just a few.

At this time, I would like to publicly thank the Board of Selectmen for their help and cooperation over the past year, it is appreciated.

This year the Newmarket Fire Dept. purchased a new Gamewell Central Office Control Switchboard, which transmitts all fire alarm boxes that are on our system. This system is approved by the National Fire Protection Association. This new system will allow us to increase the amount of street boxes that we have on the line. We have added two new boxes to the system and they are Box 38 which is at Great Hill Terace and Box 141 which is at Rockingham Gas Company. We are planning on an addition of two new boxes this year which will be box 67 at the Newmarket-Durham town line, and box 57 on Packers Falls Road and Lafayette Street. This new system is replacing the system that was installed in the Fire House around the year 1890.

This year we have purchased more new equipment to bring our department up to date. This includes three new monitoring radios, and one new portable radio. We purchased 200 ft. of 1½ inch hose, replaced six pairs of boots

for fire personnel and replaced most of our old metal helmets with the new type helmets.. We also bought a water thief and have purchased a cascade system for refilling our air cylinders without relying on other towns to do this job for us. Two new fire alarm boxes were purchased to replace boxes on the system that were far out of date. The 1,000 gal. tanker that was donated by Richard Gallant to the fire department has been put to good use at the dump during the summer months. With this piece of equipment we do not have to put one of our first line pieces of equipment in the dump area. This truck will be painted this year and made to look more like a fire truck.

Again this year, men from our department attended Fire Training School.

Just a reminder on the state wide regulation governing all outdoor burning. All fires must be before 9:000 a.m. or after the hour of 5:00 p.m. The following are the names and numbers to call for a permit.

NEWMARKET CIVIL DEFENSE – 1973

Your Newmarket Civil Defense Director has the following to report for the year 1973.

The P and A (personnel and administrative) program is now in effect and has worked well for the first year. The total Civil Defense budget is $2500.00, of which the Federal Government pays the town $1,250.00 and $1,250.00 is raised in taxes. A complete breakdown of the Civil Defense expenses appears in the breakdown of the budget.

Major programs for 1973 were the following:

Distribution of booklets on "What To Do In A Disaster". Help in the installation of new fire alarm wire from the fire house to the whistle in the tower. Two walkie talkies were bought: one for the Highway Department and one for the Ambulance Corps.

All Departments have been finally linked together on the local radio frequency; this system allows your local government to operate on an independent basis by itself and not bother other towns unless help is desired thru mutual aid or the sheriff's department.

Other notes of interest are:

A centrally located base station and antenna will be erected near the Day Care Center on the old Public Service pole; units will then be operated by remote control from the various departments.

Five hundred sand bags were given to the town of Newmarket at no charge when the dam burst at the Water Works.

All departments have brought their Civil Defense annex reports (showing departmental structure) up to date to keep us on the surplus list.

Two bull horns were purchased, one for the fire department and one for the police department. These can be used for crowd control, lost persons, etc.

At the end of this report is the organization chart of your local Civil Defense structure.

Once again, thanks to all for your cooperation in 1973.

Respectfully submitted,

GEORGE HAUSCHEL,
Director

ANNUAL REPORT OF THE HOUSING AUTHORITY

Since the last Annual Report there has been some changes in personnel. Great Hill Terrace is a reality nearing completion and ready for occupancy. When this report is published we are hopeful that all tenants will be in residence.

During the past year our Executive Director, Robert Gauthier, resigned since he moved to Manchester; and our Vice Chairman, Mr. Crafts, also resigned as he moved out of town.

Through the efforts and cooperation of the HUD Area Office, an agreement reached with the Commissioners of the Exeter Housing Authority, we were able to acquire the services of Mr. John C. Munroe as the Executive Director and Ms. Margaret S. Volk as the Director of Tenant Relations, both serve in that capacity in the Exeter Authority. An excellent working arrangement economically and otherwise. We were fortunate to arrange and obtain this management team. Mrs. Marion Griswold has been appointed to replace Mr. Crafts and Mr. Tourigny was re-appointed.

The selectmen, the police department, the fire department, and other community boards and commissions have been most cooperative and helpful. We are looking forward to an eventful year, and we feel that the efforts put forth by your Commissioners appears to have been very worthwhile and productive.

We know the community will be very pleased with the results-supplying decent, sanitary and safe dwellings for the elderly and the low-middle income families.

We are justly proud of Newmarket's own housing, the very first town in the state of New Hampshire to have its own housing project.

1973 ANNUAL REPORT OF THE BUILDING INSPECTOR

Since Newmarket adopted Zoning Regulations two years ago and the appointment of a Building Inspector, records now indicate the town is growing rapidly.

The numerous discussions and questions once asked at Town Hall Meetings can now be resolved or confirmed by substantiating figures.

Compiling these records on new developments and construction will aid municipal departments in making decisions on expansion of our water supply, sewer lines and road extensions. It will enable the Planning Board to check the town growth with their plan for the orderly growth and development of Newmarket.

I am hopeful additional figures will be available by the end of 1974, and should the situation warrant it at some later date, new regulations or amendments could be recommended for the voters' consideration.

Please remember, this is YOUR TOWN. I will help build it, the way YOU want it.

REPORT OF BOARD OF ADJUSTMENT

January 1, 1973 – December 31, 1973

The Board had three cases come before it during this twelve month period. With the exception of one, the cases presented to us were the results of a lack of awareness of the Town Zoning Ordinances. The Board strongly urges the citizens planning to build or make improvements upon present property to contact the building inspector or to pick up a copy of the Zoning Ordinance at the Town Hall.

In April, Ronald Coker was appointed to fill the unexpired term of Philip Hendrickx. Also in April, Bruce Clemons was appointed for a five year term.

AMBULANCE CORPS REPORT

As another year closes the Ambulance Corps, like all other Town Departments, finds its services increasing daily. During 1973 the Corps responded to 148 calls, traveling some 2,900 miles. The number of calls increased by 25%, as compared to the previous year.

The Corps sponsored two Red Cross Courses during the year. Ten people took these courses and joined the Corps. Present membership in the group now numbers twenty-one, of which nine are Emergency Medical Technicians. Everyone in the Corps is a volunteer. No one in the Corps is paid for his or her time. The good will of the people in the Ambulance Corps is what is supplying the citizens of Newmarket with Ambulance service twenty-four hours a day, seven days a week.

One of the most noticeable changes in the Ambulance Corps is the new orange and white color of the ambulance. The vehicle truely looks like an ambulance now.

The telephone number of the Ambulance Corps is 659-2022. When calling please give your name, address, and the condition of the patient. Your cooperation is greatly appreciated.

OYSTER RIVER HOME HEALTH ASSOCIATION

The Oyster River Home Health Association is a Visiting Nurse Association incorporated February 12, 1967, to serve the towns of Durham, Lee, Madbury and Newmarket. The Board of Directors consists of five residents from each of the towns; standing committees include representatives from related professional fields.

Because our fiscal year runs from July 1 to June 30, we are reporting statistics and projects for the year July 1, 1972 thru June 30, 1973. Each report in your town report from now on will be based on a July 1 to June 30 year.

In the past year we have made great strides in the field of Maternal and Child Health. Our Well Child Conference continues to be held at the Newmarket Fire Station on the third Monday of each month. The number of patients grows as does the quality of service, due partly to a Grant from the State of New Hampshire to help finance these services. Total attendance at the Well Child Conferences for 1972-73 was 281. (Durham - 40; Lee - 28; Madbury - 19; Newmarket - 194.) In addition to the Well Child Conference, this Agency participated in Hearing and Vision Screening Clinics in Newmarket and Durham schools; measles immunization clinics in Newmarket and Durham last winter when the measles epidemic was declared; and Tine Testing in the Lee Cooperative Nursery School and the Newmarket Day Care Center.

We have a contract with Dover Family Planning whereby they refer expectant mothers in the Durham, Lee, Madbury area to us for pre-natal assistance as well as post-natal visits if necessary. In addition, we continue to make a free visit to each new baby and mother in our four town area.

The Aftercare Program, involving follow-up of patients

released from the State Hospital in the Newmarket area, was not funded in 1972-73. However, we do expect funding for 1973-74. This program involves not only visits to the released patients, but many meetings and conferences attended by the Administrative Nurse regarding progress and care of these patients.

Additional services for the past year included a Diabetic Screening Clinic in Newmarket and Durham; a Pap Smear Clinic at the Newmarket Health Center; teaching program on the "Application of Pressure Dressings" at the Little People's Center and "The Function of a Home Health Agency" presented to the Newmarket High School Health class.

Along with all our expanded services, we continue to visit any patients referred to us by a physician. The working day for our Administrative Nurse is 8:00 to 4:00. The phone (868-5055) will always be answered between 8:00 a.m. and 9:30 a.m. It is also possible to reach the Administrative Nurse after Noon providing she does not have any meetings or educational functions to attend. Our Physical Therapist is available for this service with a doctor's order. Statistics on vists and nursing hours and patient categories follow this report.

The Association is supported by tax deductible contributions from organizations and individuals, by memorial gifts, memberships, nursing fees, and funds voted by the four towns. In addition, we have received grants from the State and Federal government for specific programs for specific periods of time. Continued support from the towns at the 1974 Town Meetings is anticipated.

Madbury	23	44	2	9
Newmarket	118	510	146	124
Totals	271	1345	282	203

Our nurses spent a total of 3,688½ hours on the job. 73% of this time was spent visiting referred patients, recording charts and conferences and phone calls with physicians regarding these patients. The other 27% was devoted to clinics, community projects, staff development and in-service education, vacations and holidays. The Agency Staff is made up of one full time Administrative Nurse and two part-time nurses. There is a Physical Therapist, under contract, and a part-time bookkeeper-secretary.

In our total of 1616 Skilled Nursing Visits (does not include Physical Therapy) the patient data was as follows:

Age Range: Under 28 days - 64; 28 days to 1 year - 74; 1 yr. to 5 yrs. - 107; 6 yrs. to 20 yrs. - 79; 21 yrs. to 44 yrs. - 215; 45 yrs. to 64 yrs. - 165 and 65 years and over - 912. As you can see, the balance of our daily work involves patients who are over 65.

We made 261 Health Promotion Visits (Disease Prevention and Disease Intervention) and 1355 Disease Control Visits.

We had 346 Admissions; 61 Readmissions; 1171 Revisits and 315 Discharges.

There are five categories for paying fees. We made 569 No Charge or Free visits; 555 Contract Visits (Medicare,

insurance); 224 Visits where the patient paid the full fee charged; 208 visits where the patient was only able to pay part fee and 60 visits were made to patients unable to afford any fee.

These statistics are kept by the Agency as a requirement of the State. They are submitted to the State bi-annually and the State compiles the figures from all of the Agencies all over the State.

NEWMARKET DAY CARE CENTER REPORT

September 1, 1972 to August 31, 1973

In September 1972, when the Center opened for the Winter Program, there were 75 pre-schoolers enrolled (more than one-half from Newmarket) as well as 10 after-schoolers and a waiting list of 15 children. The goals of the Center were then, and are now, to provide a homelike atmosphere for children and to offer varied experiences so that they will: (1) learn to be with other children, (2) develop an interest and joy in learning, (3) develop security and a feeling of success, (4) develop self-expression and creativity, (5) develop self-control and responsibility and, (6) develop respect for self and others.

The program operated on a 49-week basis, five days a week, from 6:30 A.M. to 5:15 P.M. There were 18 paid staff who guided and encouraged each child with the aid of volunteers and U.N.H. students. The quality of the program and the condition of the building did depend, and still does, upon the funding and from where it comes.

The Center received a donation of $5,000.00 in 1973, which was put up as the State's share for Federal matching funds through Title IV A. It is the hope of the Center to be able to continue to raise tax deductible matching funds through local support and thus be able to keep the control of the Center in the hands of local people.

The Council, which is the governing board, has representatives from the community, parents and staff. It has accomplished many improvements on the building in the past year and has plans for all new windows this coming year. Continued support from towns and individuals will determine how much they can do. Membership on the Council is open to all interested persons.

Report From The

NEW HAMPSHIRE SEACOAST REGIONAL DEVELOPMENT ASSOCIATION

During the past year the New Hampshire Regional Development Assn. has endeavored to work in harmony with its 32 member towns and cities, local Chambers of Commerce, the N.H. Council of Regions Association, and the N.H. Department of Resources and Economic Development, in publicizing the Seacoast Region, promoting tourism, and assisting prospective buyers of land, homes, and businesses.

We have answered some 2,000 individual requests from people in 40 states and 8 foreign countries, for information on dining, accommodations, snowmobiling, recreation opportunities, real estate, camping, hunting and fishing, State Parks, mobile homes, taxes, church services, colleges, universities, and schools, historic sites and homes open to the public, museums, hospitals, antiques, and bus schedules.

We have provided hundreds of youngsters with maps and facts about New Hampshire for their social studies classes. We have sent bulk information to 81 travel agencies, automobile clubs, libraries, colleges, universities, conferences, travel shows, and Pease Air Force Base.

In January we arranged for a freelance writer/photographer to come up from Maryland and do a picture story for a national sporting magazine on ice fishing at Great Bay. While here the writer was the guest of Director G. Newton Weeks and Mrs. Weeks of Greenland.

We did publicity for the Stratham Fair this summer, the Region's only annual country fair, and had a booth there for three days where free literature on the Seacoast Region

was available to the thousands of fair visitors. We also worked in the N.H. booth at the Camping and Outdoor show in Boston.

The Association has worked on the renovation of the State Map for 1974, and inspected all the facilities and attractions in the Region which appear on the map to ascertain the maintenance of high standards of courtesy, operation and cleanliness. We helped the State in compiling the annual Recreation Calendar, sold advertising to fund printing of the N.H. Accommodations and Dining Directory. 250,000 copies are printed and distributed by the State each year. Three Seacoast Region Newsletters were sent out.

We are now putting together a new issue of the SEACOAST REGION GUIDE. Twenty to thirty thousand copies will be printed and distributed free from this office as well as all State outlets, including the Montreal and New York Vacation Travel Centers, highway rest areas, DRED offices, and all travel and camping shows at which N.H. has a booth.

The SEACOAST REGION GUIDE for 1974 will have new and exciting pictures, town and city profiles will be brought up to date, and much new material will be added. because we are in business to promote the Region, we felt that the GUIDE should be published within the region, and N.H. PRINTERS, INC., of Somersworth has been given the contract. The GUIDE goes to press in January.

The need for financial support from member towns is very great, if we are to enlarge our services to the Seacoast Region. We maintain only one employee, the Executive Director, whose salary is a modest $60 a week. A temporary person has been hired to sell advertising for the GUIDE, but this is on a commission basis. The Director gets no commissions.

With the rising costs of mailings (one of our major expenses) paper, office rental, supplies, etc., we have had to

cut corners consistently. The position of Executive Director mandates much time spent outside the office doing promotional work, attending meetings, hearings, etc. Some expense will be involved in covering the telephone in her absence.

Our request from the Town of Newmarket is $75. This is not an exorbitant sum, and we hope that your interest in the Seacoast Region as a whole will be reflected by your approval of our request, and its subsequent appearance in the budget or Town Warrant.

The Board member who represents Newmarket in our Association is Arthur Beauchesne.

Thank you for considering our request.

Sincerely yours,

NELSON E. BARKER
President

JANE KELLEY
Executive Director
